

This line chart compares two time series over a period from -01 to -07. The x-axis is labeled with values -01, -07, -01, -07, -01, -07, -01, -07, and -01. The y-axis has horizontal grid lines at intervals of 0.5, ranging from 0.0 to 2.0. The legend indicates two series: 'Predicted (validation)' represented by a blue line and 'Actual Timeseries' represented by a dark blue/black line. Both series show a general downward trend. The predicted series starts at approximately 1.8 and ends near 1.6. The actual timeseries starts at approximately 1.5 and ends near 0.8.

X-axis Label	Predicted (validation)	Actual Timeseries
-01	1.80	1.50
-07	1.75	1.45
-01	1.65	1.35
-07	1.60	1.30
-01	1.55	1.25
-07	1.50	1.20
-01	1.45	1.15
-07	1.40	1.10
-01	1.35	1.05
